NOTES

CHANGES ARE LISTED IN RED

FED = Federal Noxious Weed List (entries are highlighted)

p = permit required

q = quarantine required

Frequently offered in the trade

Genus spp. listing indicates any / all subspecies are prohibited.

For example

***Typha* spp. = any / all Cattails are prohibited to PR.**

Compiled from Federal and State confirmed lists, available online or provided by State agencies.

Currently accepted names are from the Germplasm Resources Information Network (GRIN) database, USDA, ARS, USDA Plants Database, and Weed Science Society of America Composite List of Weeds

List excludes weeds designated as "Control is county option"

FL list provided by their Department of Agriculture and Consumer Services

FL, NC, SC (as well as many other states) also adopt the list of Federal Noxious Weeds

MN also adopts the list of Federal Parasitic & Terrestrial Noxious Weeds

PR (Puerto Rico) is also regulated as a state.
